The editors present some thirty essays--written by a wide range of leading practitioners--exploring the key concepts in cultural geography. The essays range from questions that have recently emerged to more established ideas that warrant critical examination. The work will be invaluable to students of cultural geography and related disciplines.

**Cultural Geography: A Critical Dictionary of Key Ideas ...**

Cultural geography is a subfield within human geography. Though the first traces of the study of different nations and cultures on Earth can be dated back to ancient geographers such as Ptolemy or Strabo, cultural geography as academic study firstly emerged as an alternative to the environmental determinist theories of the early 20th century, which had believed that people and societies are controlled by the environment in which they develop. Rather than studying pre-determined ...
