Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.

### Power Plant Engineering Book By

The GATE syllabus is very minimal for powerplant engineering so it's not that important from that perspective either,The book by R.K. Rajput on the same subject is a bit student friendly and easier to follow in terms of language so i'd recommend to opt for that book for semester exams.
