Do you wish you understood the science of foods, but don't want to plow through dry technical books? What Einstein Told His Cook is like having a scientist at your side to answer your questions in...

### What Einstein Told His Cook: Kitchen Science Explained ...

'Perfect reading for the room that can't be mentioned on the food and drink pages' ("The Guardian"), "What Einstein Told His Cook" engages cooks and chemists alike in providing reliable and witty explanations for the most burning food questions, while debunking misconceptions and helping interpret confusing advertising and labelling.

### What Einstein Told His Cook: Kitchen Science Explained ...

Einstein probably never told his cook any of these things if he even ever had a cook. However, what Robert L. Wolke told me in this book was worth reading though it lacked depth. Based on the title I doubt it was meant to have depth so I can recommend this book as a quick lite read that nudged me closer to knowing more about food items and the words we associate with them.

### What Einstein Told His Cook 2: The Sequel: Further ...

What Einstein Told His Cook An excerpt Fasta Pasta Why do we have to put salt in the water before boiling pasta in it? Does it make the pasta cook faster?... Virtually every cookbook instructs us to salt the water in which we cook pasta or potatoes, and we dutifully comply without asking any questions.
